Programme

Founded in 1976, ATAINZ supports Accountants and Tax Agents across New Zealand by promoting professional growth, development opportunities, and vital networking.

About Liquid Gold

Our first-ever conference was held amongst the beautiful surrounds of Rotorua, and we thought it was only fitting to return to the same setting for our Golden Jubilee. Join us for a celebration of fifty years of staying ahead of the curve, together, in New Zealand's tax and accounting landscape.

Our conference, Liquid Gold, is about the movement of ideas. It's a chance to honour our history as well as our future and come together for celebration, connection and fun.

Conference Experience

Engaging & Visionary Speakers: We're moving beyond the standard briefing. Experience energetic speakers who will challenge your perspectives, sparking conversations that will continue long after the session ends.

The Jubilee Gala Dinner: An evening of celebration. Raise a glass with colleagues old and new as we toast to the legendary personalities and shared milestones that have defined ATAINZ for half a century.

Celebrating Together: We've allowed ample space to catch up, share stories, and simply enjoy being part of New Zealand's most caring accounting community.

Gold Rush Optional Activities: After the deep dives, it's time for some downtime. Join us for a curated second day of fun. Choose from local excursions, social activities, or relaxed tastings. It's the perfect way to cap off our 50-year milestone by strengthening the bonds that make our profession great.

Join us at Liquid Gold to celebrate the past, present, and future of ATAINZ.
